

REMARKS

A. Claim Amendments

Claim 68 is amended and Claim 80 has been added. No other amendments are made to any of the claims. Claims 2-4, 11, 12, 27-29, 32-41, 68 and 76-80 are now pending in the application. Claims 2-4, 11, 12, 27-29, 32-41, 68 and 76-79 have been previously allowed.

On May 27, 2010, the Examiner called to request amendment of Claim 68 so as not to be a multiple dependent claim depending from another multiple dependent claim, Claim 38. The requested amendment has been made herein, by dividing the subject matter of Claim 68 between it and a new claim, Claim 80. This amendment corrects an ambiguity as to the amended status of Claim 68. No new subject matter has been added by this amendment, entry of which is therefore requested so printing of the patent with the allowed claims can proceed.
